PRESIDENT'S CORNER:

SPRING TIME!

It sure looks like Spring has arrived. The field has been rolled and the runway is in great condition. The pit area has again suffered some winter damage from the drainage problem in this area. Hopefully this will be repaired very soon. Last weekend Val applied fertilizer to the runway & pit area. Grass seed was also applied in some of the winterkill areas. Thanks Val for your help & use of your equipment.

The posters for the June fly-in are now printed & there will be some at the May meeting for members to distribute. If you know of a work place or hobby shop where a poster can be displayed, please pick one up.

Looking at the long-range weather forecast for this next week, it seems that a cold spell could be rolling in. I think that it would be best to have the May meeting at my shop:

708 S. Pioneer Rd, Fond du lac.

The meeting will be on May 11 at 7:00 PM. Please bring a chair.

See you at the Field!

--Dave
