

Here's a picture taken at the field on December 30<sup>th</sup>. There were seven airplanes out there in the snow that day. We usually have at least four or five people at the field on winter weekends.

## Club Officers

President.....Dave Elsinger 926-0551  
Vice Pres.... Roy Zingsheim 921-5419  
Secretary....Armond Pahnke 921-2190  
Treasurer....Howard Goeden 748-2402

Armond Pahnke, 921-2190 Beginners  
Mike Huth, 583-3223 Beginners  
Doug Woolridge, 907-6159  
Roy Zingsheim, 921-5419

## Presidents Section

### **A Special Thanks**

Happy New Year to all the members of the FDL Aeromodelers. I would like to thank the past board members for all the help & direction they have given to our Club. The time & knowledge they have contributed has made our Club what it is today. I would also like to welcome the new board members and look forward to working with them.

Remember the old flying season has ended but the new one has just begun. A number of friends showed up on Jan 1 to start the year off Flying. The field is open all year round for flying so come out & enjoy!

Thanks,  
Dave

## Editor Notes

### **Hello everyone!**

I'm excited to become the club's newsletter editor. First, I'd like to thank Armond for doing a great job on the newsletter in the past and for his help as I transition into the role.

As usual, the January newsletter is being sent through the mail. Included in this package are the member roster, club membership application, and the January newsletter. ***Don't forget to renew your AMA membership too!***

I kept the format for this newsletter the same to save on January postage. I have some changes planned for the February newsletter, though.

1) I'd like to make the "For Sale" section a permanent part of the newsletter. All I need is to know what people want to sell. Please e-mail me a description of the item along with desired price and pictures. Come on, advertising don't get any better than FREE!

2) New toys: Everybody likes to show off their latest creation(s). Send me a picture and description (up to a paragraph) of your newest toy to be featured in the newsletter.

I'm also open to any other ideas. My goal is to have an interesting newsletter that helps us learn from each other.

Thanks in advance for participating!
